

Product information

OK 2000 – DryRun black # 912

OKULEN® OK 2000 - DryRun # 912 is a superior UHMW Polymer with a mol. Weight of 7 – 9 mio. This special material was designed for the packaging and machine industry. Excellent for use in dry run conveyor applications (eg. UPS, FEDEX conveyor stations). The antistatic filler reduces static build up on fast moving equipment.

Technical Values:

Properties	Unit	OK 2000-DryRun
abrasion index	%	75
coefficient of friction static	ASTM 1894	0,15
dynamic		0,09
density	g/cm ³	0,93
Shore-Hardness	D	62

Properties: reduced coefficient of friction
UV-stabilized
Antistatic reduced
noise level reduction !

Color: black # 912

Application fields: conveying industry
packaging industry
canning industry
Material handling
