

Product information

OK 2000 – OF # 702

OKULEN® OK 2000 – OF # 702 is a oil filled UHMW polymer. This material was designed to perform in conveying systems used in the food industry. The improved sliding properties help noise reduction and dry run. It has been FDA approved for food contact.

Technical Values:

Properties	Unit	OK 2000-OF
abrasion index	%	80
coefficient of friction static	ASTM 1894	0,17
dynamic		0,12
density	g/cm ³	0,93
Shore-Hardness	D	62

Properties:

noise reduction
Excellent sliding properties (oil film on surface)
good abrasion resistance
BfR + FDA compliant
Protects chains from rust

Color:

grey # 702

Application fields:

Conveyor industry
Food industry
Construction industry
